As a constituent college of the University of Delhi, LSR follows the University rules and norms on Internal Assessment.

Till the outbreak of the pandemic, the University prescribed an evaluation formula for each course of study, as follows:

The distribution of the 25% marks assigned for internal assessment, was further divided as: 5%

=

This formula has been modified since the shift to online classes. Attendance is no longer an aspect of internal assessment. Further, internal assessment is currently based on one test/assignment/project/presentation.

Although currently, only one assignment per course is needed, more than one assignment is usually taken and the highest marks received across various assignments are considered as the final internal assessment for that course.

Faculty members design assignments in a variety of formats.

MCQs

Presentations

Group  
projects

Book/movie  
reviews

Essay writing

- Teachers explain the parameters by which they will grade the assignments
- Students are given adequate time to complete and submit these assignments
- Students are requested to inform their teachers in case they are unable to submit their assignment on the scheduled date. In case required, the teacher determines a fresh date for the submission.
