STUDENT CENTRIC TEACHING AND LEARNING

In line with the recommendations of the NEP 2020, LSR has always emphasised student centric teaching and learning. The Indian Knowledge Tradition focuses on the emotional, intellectual and spiritual bond between teacher and student, a value that resonates with the teaching practises of LSR. Dialogues, interactions with experts and open communication help to keep learning processes, student centric.

**INCREASING CO-CURRICULAR &
EXTRA CURRICULAR ENGAGEMENT
OF STUDENTS**

Co-curricular and extra-curricular activities have always been given equal importance as academics at LSR. This is done through 15 department associations and 25 students societies at LSR which offer immense varieties of options to students for their, learning, personal growth and well-being.

FOCUSING ON HEALTH & WELL-BEING

As well as increasing opportunities and choices for students, promoting mental health and well-being plays a very important role in education of students. Academic success is incomplete without it. At LSR, the focus is not just on physical activities but also on the ones which help the students become resilient and self-confident.

INTERNATIONAL COLLABORATIONS

As geographical and political boundaries have become easier to cross, the benefits of internationalization of education have begun to be considered by educationists. UNESCO (2006) defines the internationalization of education as “Higher education that takes place in situations where the teacher, student, program, institution or provider and course materials cross national jurisdictional borders”. LSR has taken a lead in initiating the international programmes through OIP which has been hosting numerous foreign delegations, facilitating student exchanges and organising interactions with representatives of prestigious foreign Universities.

INCREASING STUDENT EMPLOYABILITY:

College Placements provides adequate opportunities to the students to gain the skill sets of their choice by providing them with live projects, internships and corporate exposure. LSR Placement Cell brings about several recruiters each year.

Dear Students,
Greetings!
KnowledgeXP, a company promoting experiential education in the country.
Hope you are well. As discussed we at knowledgeXP are looking for Experiential Educators & Business Associates who are passionate about working in the education sector. The candidates would have to conduct experiential workshops at schools across India, develop new business for the company and engage with school students and adolescents on a regular basis. The ideal candidates should be willing to work in a startup environment that comes with its own set of madness and dynamism. A fresh graduate possessing excellent communication skills with strong verbal and written English would be ideal for the role. Prior experience of working with schools would be an advantage.

RESEARCH ORIENTED CULTURE

For the academic process to be a complete success it is essential that students are able to apply the knowledge they learn. Interdisciplinary research is known to foster critical thinking and the ability to synthesize multiple disciplines in the pursuit of knowledge. At LSR the focus is not just to encourage research initiatives by the faculty, but also to promote them amongst students. Students are also encouraged to learn the skill of good academic writing by submitting their research papers to College publications.

IMBIBING VALUES & RESPONSIBILITIES

Education that does not teach one to be responsible and ethical is not really an education. The goal at LSR is to incorporate moral values into education to ensure that students not only have the knowledge and skills needed to succeed but also demonstrate prosocial behaviour, i.e. compassion and emotional ability to be a part of a cooperative and peaceful environment.

CELEBRATING INDIAN CULTURE & HISTORY

LSR is about respecting diversity and celebrating Indian culture. Indian music forms, dance forms and arts such as 'Dastangoi' continue to have an important space with the College's Annual Calendar.

ADDRESSING SOCIO-ECONOMIC DISADVANTAGES AND INCREASING ACCESS

India has high rates of inequity. In recognition of this LSR has been trying to reduce the gaps and ensure that all students have access to high quality education. One primary medium to do so has been the College's robust scholarship and free-ship program.

The screenshot shows the website for Lady Shri Ram College. The header includes navigation links for Faculty, Staff, News/Events, Innovation Council, and LSR. The main navigation bar contains Home, About LSR, Academics, Admissions, Students, IQAC, Accreditation, and NIRF. The page title is "Scholarships and Free ships". The main content area contains two paragraphs: "A large number of freeships as well as scholarships are awarded to students at LSR every year. Interviews are held to ensure that the money is disbursed to candidates genuinely in need of financial aid." and "Students who meet certain criteria of academic merit are awarded scholarships. The scholarships given to students include the Ward Welfare scholarship, KPMG Scholarship, G.L. Bansal Scholarship, ELSA Scholarship, Shri Onkar Nath Pandit Scholarship and Shri Manohar Shyam Joshi Scholarship among several others. The remaining students are awarded freeships." A sidebar on the right lists various student activities and organizations: Societies, Student's Union, Festivals, Facilities, College Magazine, NCC, NSS, NSO, and The Entrepreneur.

Freeship Notice for the Year 2020-2021

THE FREESHIP PROGRAMME:

LSR has a robust Freeship program aimed at providing financial assistance to those students whose **family income falls below 3 lacs/annum**. Freeships are available to students of all three years/four years (in case of B.El.Ed.).
