

## ANNUAL REPORT OF PRAKRITI SOCIETY (2021-22)

### A brief profile of the society:

'Prakriti', the Environmental Society of LSR is a platform through which students enlighten themselves and others about the importance of environmental issues and sustainable development. The whole year is an amalgamation of interesting sessions, competitions and seminars to bring out creativity and enhance the awareness towards the environment . Thus, we aim at celebrating the environment and making everyone more inquisitive and conscious towards their natural surroundings.
