Academic calendar released by the University of Delhi 220-21

Admissions, commencement of classes, internal assessments, and examinations are scheduled as per the university calendar.

दिल्ली विश्वविद्यालय UNIVERSITY OF DELHI

No. Acad.I/299/Academic Calendar/400
06.08.2021

NOTIFICATION

In continuation to the Notification No. Acad.-I/Academic Calendar/275 dated 17-06-2021 the amended academic calendar for the first year of undergraduate and postgraduate courses for the academic year 2020-2021 is hereby notified for compliance for all concerned:

FIRST BATCH/FIRST SEMESTER	
Commencement of Classes	18-11-2020 (Wednesday)
Preparation Break and Practical Examination	06-03-2021 (Saturday) to 14-3-2021 (Sunday)
Conduct of Examination	15-03-2021 (Monday) to 27-03-2021 (Saturday)
Semester break	28-03-2021 (Sunday) to 31-03-2021 (Wednesday)
EVEN SEMESTER (FIRST YEAR)	
Commencement of Classes	01-04-2021 (Thursday)
Suspension of online teaching in view of sudden surge in COVID - 19 cases	04-05-2021 (Tuesday) to 16-05-2021 (Sunday)
Commencement of Classes	17-05-2021 (Monday) to 02-08-2021 (Monday)
Semester Break	03-08-2021 (Tuesday) to 15-08-2021 (Sunday)

LSR creates its calendar of events

College calendars pertain to academic activities such as guest lectures, academic meets, field trips and skill development workshops.

Supporting document	Link
College Calendar (2016-2021)	https://lsr.edu.in/wp-content/uploads/2022/01/LSR-College-Academic-Calendar-2016-20.pdf

Extra-curricular events including International Yoga Day, Independence Day and classical musical recitals are organized as per college calendar

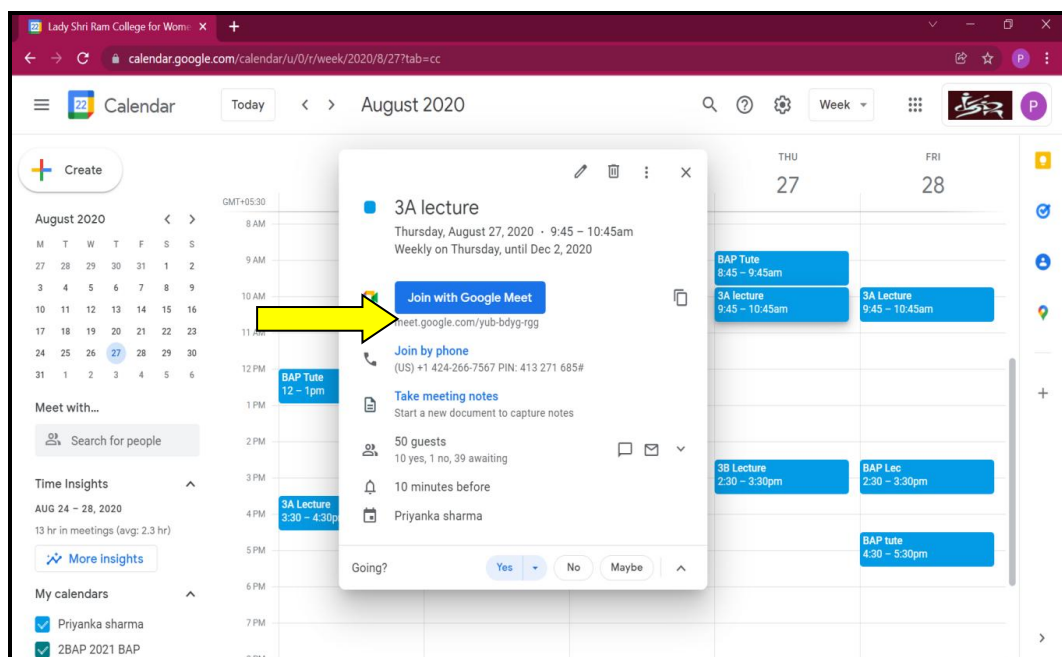

Initiatives taken to facilitate regular online teaching

All the teachers use their official college email ids to conduct online classes. The conduction of these classes is monitored by the Principal's office.

The image shows a Google account login interface. At the top is the Google logo. Below it, the text "Hi Priyanka" is displayed. A yellow arrow points to a dropdown menu showing the email address "priyanka.sharma@lsr.du.ac.in". Below the email field is a password input field with the placeholder text "Enter your password" and a masked password ".....". To the left of the password field is a "Show password" checkbox, which is currently unchecked. At the bottom left, there is a link for "Forgot password?". At the bottom right, there is a blue "Next" button.

Google Calendar is used to schedule classes and generate links for classes through Google meet.

Continuous Internal Evaluation

Assessments are conducted in the form of:

The teachers schedule these assessments on regular intervals through the course of a semester

In online mode platforms like Google Calendar and Google Classroom are used to fix deadlines for assessments. It is ensured that students are given the time they need, to produce well-written and adequately researched assignments.

Calendar view for October 2020. The selected date is Wednesday, October 21, 2020. A yellow arrow points to the event 'Assignment: French Revolution' on the calendar. The event details window is open, showing the following information:

- Assignment: French Revolution**
Wednesday, October 21, 2020
- Take meeting notes
Start a new document to capture notes

CA ASSIGNMENT

QUES 1 — Name 3 components needed to make a MIDI score. What are the advantages of MIDI over digital audio?

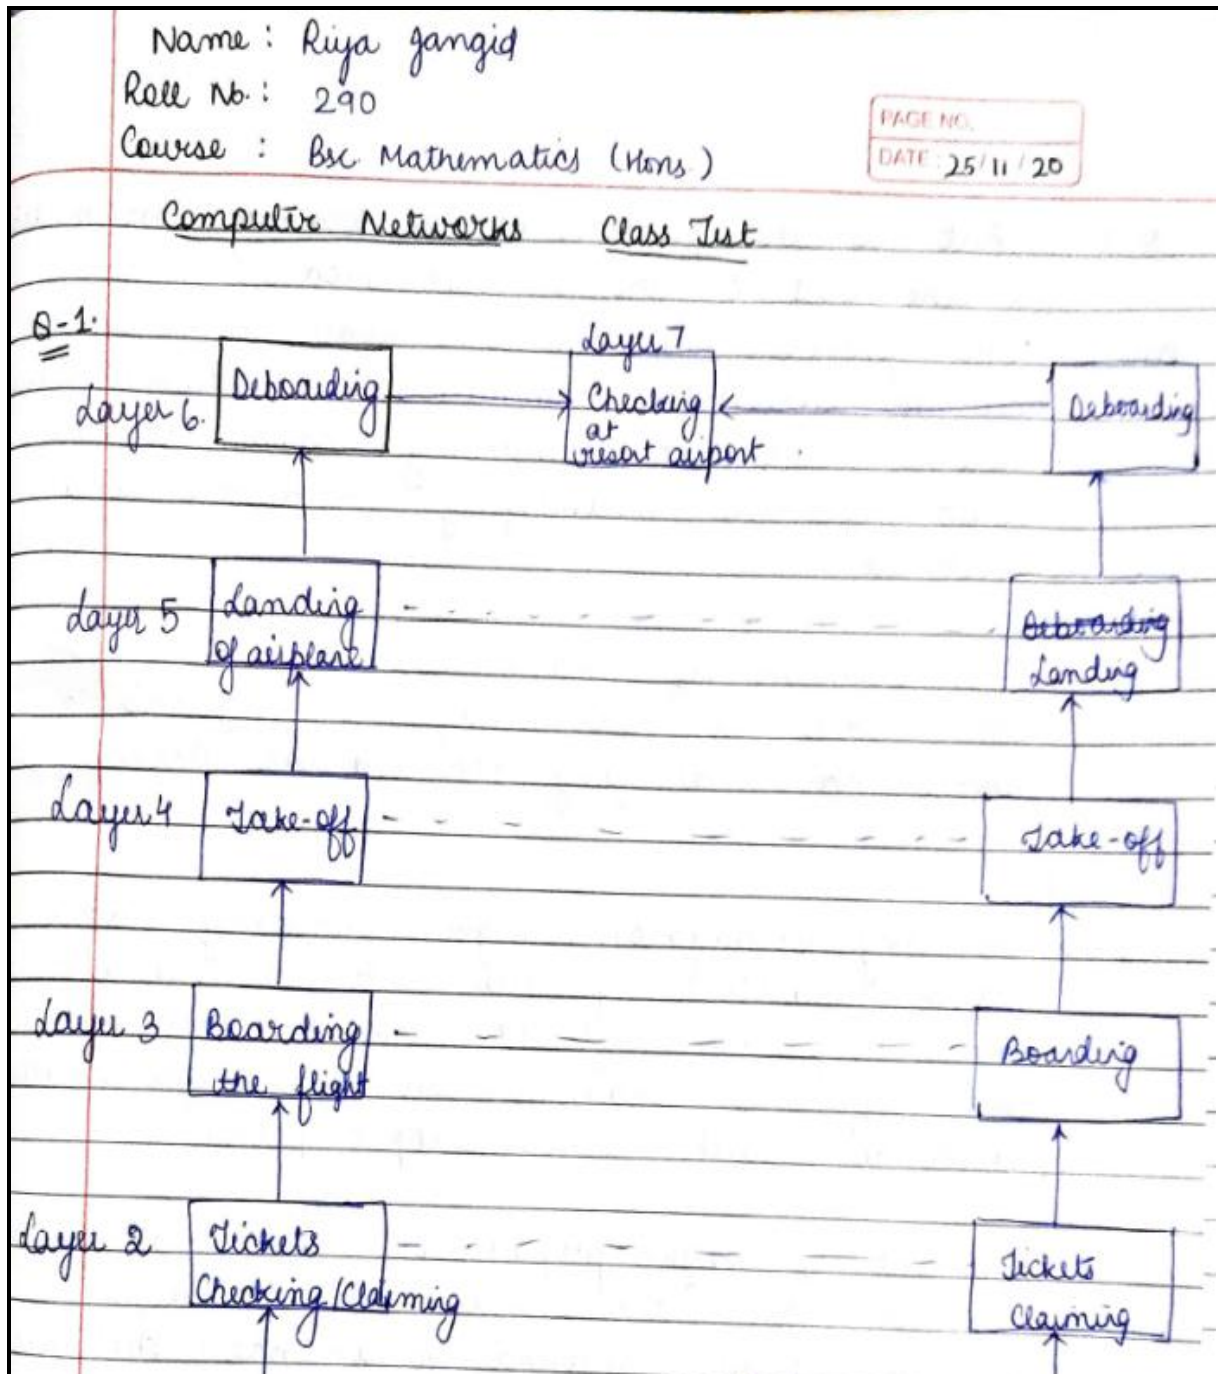

ANSWER : — To make a MIDI Score, one will need 3 components : —

- ① Notation Software — Notation and composition software such as Sibelius provides a way for composers and musicians to create and arrange scores using MIDI instruments.
- ② Sequencer Software — Sequencer software such as Pro Tools allows you to record, edit, and save music generated from a MIDI keyboard or instruments and blend it with digital audio.
- ③ Sound Synthesizer — Typically built into the software of multimedia players in most computers and many handheld devices.)
⇒ A MIDI keyboard is also useful for simplifying the creation of musical score.

Advantages of MIDI over digital audio are :-

- ① MIDI files are much more compact than digital

LADY SHRI RAM COLLEGE FOR WOMEN		5842
ASSIGNMENT BOOK		
Name	MUSKAN	Class B.A. HINDI HONS.
Roll No.	535	Subject HISTORY (G.E.)
Group No.		Tutors Award

1857 के विद्रोह के समय दिल्ली की बौद्धिक संस्कृति का वर्णन करें।

उत्तर
भूमिका - 1857 का विद्रोह स्वतंत्रता के लिए पहली शुरुआत माना जाता है। इससे पहले कई बार युद्ध हुए जिनका प्रभाव दिल्ली पर पड़ा। 1857 के विद्रोह के पहले दिल्ली में कई भ्रष्टार सत्ता बदली और 18वीं शताब्दी में दिल्ली एक बार फिर पुनः स्थापित हुई। इससे पहले नई दिल्ली को शाहजहाँनाबाद के नाम से जाना जाता था, फिर यह शाहजहाँनाबाद विकसित होते-होते पुरानी दिल्ली बना। अंग्रेजों ने जब दिल्ली से शासन करना शुरू किया तो बहुत से विकास कार्य करवाए जैसे रेलवे लाइन का विद्यमान, बड़ी-बड़ी इमारतें बनना और प्रोद्योगिकी व्यापार कार्य आरंभ हुए। दिल्ली में विश्वविद्यालय बने और ऐसे-ऐसे नए-नए प्रयास हुए जिससे न केवल आर्थिक स्थिति में सुधार आया, बल्कि राजनीतिक, सामाजिक स्थितियों के साथ-साथ बौद्धिक संस्कृति का विकास हुआ। दिल्ली की बौद्धिक संस्कृति का जब विकास हो रहा था, उस समय गालिब, मोमिन जोक जैसे कवि मौजूद थे जो कुछ लिख रहे थे। इसका विवरण इमर फारुकी और नारायण गुप्ता जैसे लेखकों ने किया है।

EXPERIMENT-15

AIM:

To calculate the periodograms for the given periods

EXPERIMENT:

The following are temperature measurements made every minute on a chemical reactor. Calculate the periodograms for the periods 18, 36, 9, 36/5, 12, 6

200, 202, 208, 204, 204, 207, 207, 204, 202, 199, 201, 198, 200, 202, 203, 205, 207, 211, 204, 206, 203, 201, 198, 200, 206, 207, 206, 200, 203, 203, 200, 200, 195, 202, 204

THEORY:

Steps for Periodograms:

1. From the given data y_1, y_2, \dots, y_n calculate A_o, \hat{A} and \hat{B} for different values of μ

$$A_o = \frac{\sum U_t}{n}$$

$$\hat{A} = \frac{2}{n} \sum_{t=1}^n u_t \cos\left(\frac{2\pi t}{\mu}\right)$$

$$\hat{B} = \frac{2}{n} \sum_{t=1}^n u_t \sin\left(\frac{2\pi t}{\mu}\right)$$

2. Compute $R_\mu = \sqrt{\hat{A}^2 + \hat{B}^2}$ for each μ and round about the true period of λ .
3. The graph obtained on plotting R_μ against μ is known as periodogram
4. Estimates of U_t are then calculated using this estimated value of λ as

$$\hat{U}_t = A_o + \hat{A} \cos\left(\frac{2(\pi)t}{\lambda}\right) + \hat{B} \sin\left(\frac{2(\pi)t}{\lambda}\right)$$

CALCULATIONS:

$$\hat{A} = \frac{2}{n} \sum_{t=1}^n u_t \cos\left(\frac{2\pi t}{\mu}\right), \hat{B} = \frac{2}{n} \sum_{t=1}^n u_t \sin\left(\frac{2\pi t}{\mu}\right)$$

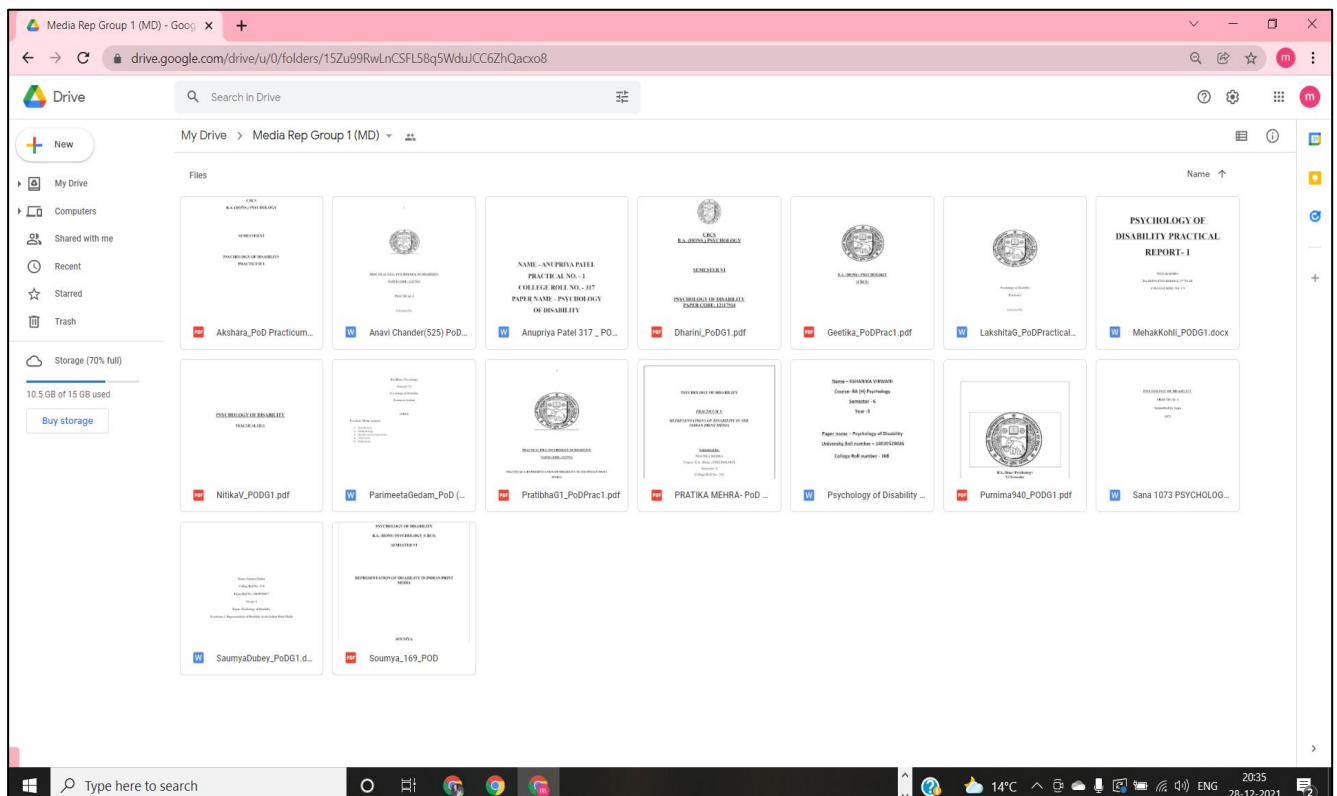

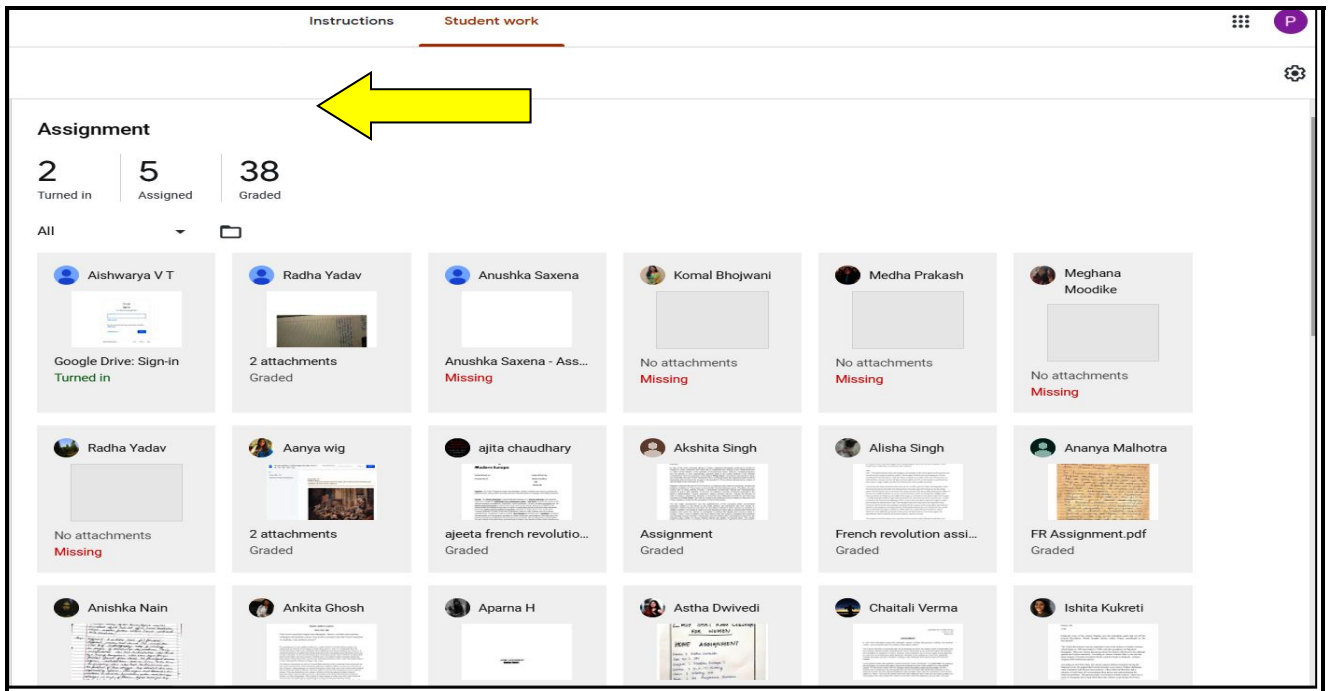

$$\text{Let } A' = u_t \cos\left(\frac{2\pi t}{\mu}\right) \text{ and } B' = u_t \sin\left(\frac{2\pi t}{\mu}\right)$$

Table 15.1- to calculate A_o, \hat{A} and \hat{B}

Online platforms used for Continuous Internal Evaluation

Students submit their assignments (and in some cases their practical files as well) according to the prescribed date on the online platform such as Google Classroom and email. Once submitted, the assignments are accessed by teachers, graded and returned to students.

Assessing and providing feedback on assignments submitted on Google classroom/Google Drive

Assessing and providing feedback on assignments submitted through Email

COURSE- B.A. HONS ECONOMICS (SECTION A)

19.5/25

ROLL NO. 20/310

Nature of Psychology

Psychology is '*scientific*' in nature.

The term 'science' simply refers to a special approach for acquiring knowledge- an approach involving the use of several keys and standards. Viewed under this light, *scientific method* refers to using these methods and adopting these values in efforts to study virtually any topic- any aspect of the world around us. As human beings, we are also a part of this natural world and thus, the scientific method can certainly be applied to the *behaviour and cognition*. It is this adoption of the *scientific method* that makes **psychology a science**.

Now, psychology is best defined as *the 'scientific study of an organism's behaviour and mind.'* Here the term '*behaviour*' means directly observable actions and responses. The inner thoughts and processes, state of mind and feelings refer to '*mind*'. It requires inference of the observed and measured response of the organism.

Since humans are '*curious*' by nature, our tendency to question and wonder leads psychologists to collect and interpret research data in order to better understand the most challenging problems of our society. They observe and apply empirical methods to examine the relationship between brain function and behaviour, and the environment and behaviour.

They then continue to employ the *scientific method* of stating the problem, offering a theory and conducting rigorous laboratory/ field experiments to test their hypothesis.

In a way, psychology is a 'go-to science' which applies over almost every facet of our lives. The understanding gleaned through research is used to create evidence-based strategies, and thus, psychological science results in new and improved ways for people to exist, solve problems and thrive in a complex world.

Every science has a common goal of understanding how things work. Similarly, the **goals/purpose of psychology** are;

could bring in levels of analysis and three grand issues

very honest write up archita
i am glad the paper is turning out to be a good learning experience for you
i also feel certain that you will use these learnings in a way thats beneficial for you and the communities
you work with

ROLL NO.: 172

PAPER NAME: PSYCHOLOGY OF DISABILITY

SEMESTER: VI

Choose a photograph that encapsulates what you feel is a powerful message about disability. In your assignment:

(a) Explain why you found the image powerful and why it is meaningful to you. (For example, it may be meaningful because it reflects societal constructions of disability, reflects the need to bring about a change, your personal experiences/a friend's experiences and so on)

(b) Discuss how your understanding of disability has changed/not changed through the course of studying the paper on Psychology of Disability. Also reflect on whether and how you would like to use your existing knowledge to bring about a change in the current state of affairs pertaining to disability in India.

A)While scrolling through my Pinterest feed, I came across two pictures depicting the lives of people with disabilities and while both of them seemed equally powerful and sending across a strong message, I found myself coming back to this picture again and again. The reason perhaps is that it showcases a topic seldom talked about in regard to people with disabilities and one which deeply intrigued me while studying the topic of 'Intimacy and Sexuality' in class.

Teachers evaluate assignments in a timely manner

Internal Assessment Committee of LSR determines deadlines to ensure timely evaluation of assignments.

Lady Shri Ram College For Women
(UNIVERSITY OF DELHI)

Dated: 27th October, 2020

With respect to the above mail from the University of Delhi, hope necessary action has been taken by the faculty regarding internal assessment of the previous semester in January 2020 – May 2020 for those students who missed the assignment. The marks may be submitted to Mr. Mahesh in the administration department through TIC's of the respective department by 10th November 2020.

NOTICE

INTERNAL ASSESSMENT

All faculties are informed that the last date for the submission of the following internal assessment records:

1. One assignment/project (25 Marks)
2. One class test (25 Marks).

on the IA portal for IVth and VIth semesters is 20th April, 2021.

Internal Assessment portal LINK is the following:-

<http://139.59.70.228/smartprof/index.php>

Also, please note that if we receive any notice regarding the any change in the norms of internal assessment for IVth and VIth semesters from the University of Delhi, it will be informed immediately to the all faculties concerned.

Moulicka Sin
Convener

Principal *CS*

College portal for uploading internal assessment

Faculty members upload students' internal assessment marks onto a portal (SmartProf) according to the date suggested by the Internal Assessment committee. Students check their marks online and report to their teachers in case of any discrepancy.

Link to SmartProf:
